These books are off the shelves right now, waiting for you subscribers to have first choice. They will go on the shelves to the general public in the next couple of days – as usual.

If anything strikes your fancy please call us at 344-9021 in Jumeirah, and 340-0006, ext. 308. By the way, I would like to also mention that, when the recording comes on for the Garden Centre, start-dialing 308 right away. If you wait till the end, it is too late.

I am always recommending authors and titles to our customers. And I always say – ‘If you don't like what I recommend – you never have to take my advice again!’ But until that time, these are a few favorite authors of mine. As I do enjoy a well-written whodunit/thriller, I have also included their main character (usually a detective, but not always). A little tit for tat here, let me know some of your favorites also as I am always on the lookout for a good book. I am awfully bad at trying new authors so make sure it is a good one before recommending.
